

LEGACY
 FROM COMAR

Slimline Casement window

A window that celebrates the heritage of the art deco period, with a thoroughly modern twist. The steel-look Slimline Casement Window perfectly replicates the appearance of the traditional steel window, whilst offering all the benefits of a modern aluminium solution - thermal performance, durability & affordability.

Ultra slim sightlines, and a range of beading options all add to the classic design of this attractive window available as side, top hung or a Casement. Making the Slimline Casement Window the ideal replacement for steel windows in a heritage building, or a perfect choice for more modern homes that require an elegant and authentic aesthetic.

*U-values as low as 1.4 W/m²k

The Eco choice

Residential and commercial

Traditional design styling

Double and triple glazed

SLIMLINE
